[mdurley@perpetualsecuritycorp.com](mailto:mdurley@perpetualsecuritycorp.com)

Michael is the founder and CEO of Perpetual Security Corp. His expertise in security systems, security management, private investigations, and close protection services ensures a great deal of diversity within his client base, from major corporations to individual clients. He is now securely positioned in multiple locations within New Brunswick, where he maintains his head office. During the past twelve months he has moved his company into the remaining Atlantic provinces, Quebec and, mostly recently, across Canada.

Michael is a hands-on business leader and continues to use the knowledge and skills he has acquired over the last 15 years as a private business owner, to further build upon the success of Perpetual Security Corp. His drive, intuitiveness, and flexibility are the right combination for actively seeking out and recognizing new initiatives and advantageous business opportunities. He has nearly quadrupled his company's sales within the past year.
