

ONE LIFE WEEKEND

“Where family connects with family”

WMI wants to support the needs of our entrepreneurial business leaders in both their work and their families, because it is all “one life”. **August 23-25th 2019**, we will hold our third annual “family reunion” at Mill River Resort in PEI. This weekend getaway will be open to all WMI members and their families.

*“Throughout one’s childhood, there are always those events that you never forget. The times where you see the world and your parents differently, form lasting memories and life long friendships. One Life Weekend was all that for us and our girls. An amazing experience we’ll continue to look forward to in summers to come.” – **Bob Mills***

*“It’s the type of experience you can’t buy for your children” – **Georgio Paulin***

*“The weekend was the perfect combination of family, fun, great food and friends all in a gorgeous setting. Highlight of the summer for our family.”- **Andrew Bedford***

*“It was great to get to know members from other years, and their families in a social setting. We can’t wait for next year”- **Chris Hotchkiss***

PROGRAMMING

The program design is flexible and customized based on the types and number of families that register. In the past we have done ghost tours, amazing race, table manners, yoga, marine life learning, Sumo, zorb bowling and dance parties.
