

The Wallace McCain Institute (WMI) at the University of New Brunswick helps growth-stage entrepreneurs develop the understanding, tools and relationships needed to grow their businesses, creating new opportunities for economic and social progress. The Institute creates an environment where entrepreneurs develop a deeper understanding of the keys to successfully growing and scaling their businesses by working closely with their peers and learning from the experiences of top business leaders.

The WMI Entrepreneurial Leaders' Program (ELP) has again proven to be an unparalleled experience for 16 high-growth entrepreneurs in the Greater Atlantic Area.

The vision of the Wallace McCain Institute is to be the catalyst that impacts entrepreneurial leaders in the transformation of the Greater Atlantic Area.
